16	Everything I need, I can get in Northam. My primary concern is the beautification of the CBD. Theres been some great work done on minsen ave and the village green. Perhaps more specialized cafes ie raw, vegan, ethnic food in the CBD to attract people to come to the CBD and enhance the atmosphere. Artist's Revolution has a vision to fill empty shop frontages with local artwork, to be light up at night. I think this would make all those unattractive empty shops more aesthetically pleasing and offer a platform for local artists to display and sell their artwork.	12/19/2018 6:34 AM

22	Toy and baby shop in the old retravision store: perfect space with ample parking and opportunity to expand. Without a toy shop families won't shop/spend in Northam they will go to midland to buy and then end up buying other things!!! spend less shoes: definately need this option for families and it's the right price point for our economic area, stationery (Kikki k) shop offers workshops in goal setting, habits, organisation.	12/18/2018 8:51 PM
23	Adventure centre for all ages of children	12/18/2018 8:04 PM
24	Pop up markets/stalls/buskers - there are a huge variety of stores that would be utilised by the Wheatbelt region ie cotton on - the body shop - gazman with the upgrade to the boulevard the future for business in Northam has huge potential	12/18/2018 8:04 PM
25	Toy shops. Designated book shops. Music shops (such as Sanity).	12/18/2018 7:37 PM
26	There is no low cost shop for homewares and electrical items like Kmart , big w and target have very limited sizes and style.	12/18/2018 7:21 PM
27	More Cottage Industries	12/18/2018 6:56 PM

28	There are plenty of food outlets but nothing for an late afternoon /evening meals. I personally only go down the main street if I am after something specific, and then many times are unable to find something. This does not happen often as we don't have the money to spend on those "extra" items. There is not much price competition in town, as every one thinks they can charge what they like, its why many travel to Perth as they can get the same item at much better prices. It doesn't matter what the product. Shop local and save 10% would be a great incentive for the locals who have a Northam shire card or something like that.	12/18/2018 6:46 PM

34	shoe shop, book shop, boutiques, another gift shop, to name just a few....	12/18/2018 5:07 PM

46	Hungry jacks and kmart	12/18/2018 11:28 AM
47	The empty shops and all shop fronts should be cleaned up. Dirty Windows covered in black plastic is NOT the way to promote this town. Cob webs don't cost money to clean up on a regular basis. Shop owners should put pot plants etc out on display similar to what suburbs like Maylands and Fremantle do. Herb gardens could be planted. Musical events could be held, or even a karaoke night on the green. A good bookshop with cafe would be fantastic, my friends and I still miss the Bookshop Cafe.	12/18/2018 11:20 AM

52	Decent Manchester and kitchen supplies, shoe shop, toy shop now toy world is closing, decent gardening store, Kmart or Big W store. We are limited with what you can buy and the pricing can be high. We need more options to keep people spending in Northam instead of going to Perth. Our close proximity to Midland doesn't help 'spending local' promotions. A restaurant not attached to a pub.	12/18/2018 10:11 AM
53	Health food shop, Suppliments store for people who do gym work outs, Crystal shop like Chanteek Midland/Blue Buddah style, shoe shop,	12/18/2018 10:08 AM
54	Need a Kmart - something that sells a great amount of things. Targets reduced the amount of things they sell. The toy shop was well over priced. No wonder people would rather go to Midland than shop local. Somewhere for the youth of Northam to hang out. Like a youth centre. A place with computer access, arcade kind of games, tv common room, just to stop kids walkin around being bored.	12/18/2018 9:54 AM

55	I believe that at this time, Northam has sufficient eateries, however, an internet cafe would be something to think about for those that do not readily have internet access at home but do not feel comfortable sitting outside in the park to use it. With the toy/bike store going, this will leave a gap that I believe most people in the community will miss greatly. I know that online shopping is a thing now, however, this was a place we, and I know many others shopped frequently. A family outing place would be ideal, maybe something like a bowling alley. A shoe store would be fantastic, and maybe just one big store, such as a Kmart, our Target Country is just not enough. I believe that this would better keep the community here and reduce the need of going "down the hill". Northam should see itself as a much bigger gateway for the surrounds, the potential is great and as the town is moving forward, we want to keep everyone coming here, rather than, "down there".	12/18/2018 9:33 AM
56	Drycleaners, toyshop!	12/18/2018 9:26 AM
57	I particularly am attracted to shops that have craftwork, art, trinkets, clothing and local produce. In our main street currently, shops such as Bunch of Dreams, Everlastings, Toyworld, and Yasou are the only shops that are interesting if you are looking at things through a visitor's eyes and infact, anyone. While several shops have wonderful design and architectural structure, or nice window displays, several shops next to them are off putting, and most certainly the empty shops are a put off. If the main street had shops like boutiques, cafe's, book shops, gift shop, clothing, jewellery, fabric, crystals, shops with eats, drinks and seating. I know Northam has most of these shops but they are too spread out across Northam and not bunched up together. Something else that would be attractive to locals and visitor's would be planter boxes, seating in the street, hanging plants, for our businesses to have more items outside the shops to display. These are the things that make to stop in towns and I'm sure the same could be done for our town.	12/18/2018 9:07 AM

251	With closing of Toy World and limited range in Target, perhaps a baby and children's toy and equipment store. They would need to offer superior service and customer experience to have a chance at being a desirable alternative to shopping in Perth or online as it seems unlikely they could compete on price (which is a poor strategy anyway). Realistically, any business needs to offer that bit of sparkle to be viable here.	12/13/2018 1:55 PM
